Personal Statement

Leigh is a NZILA Registered Landscape Architect with over twelve years post-graduate experience in New Zealand and overseas. Leigh has a strong background in design with excellent graphic, design and technical delivery skills at all levels. He is passionate about creating environments that enable social engagement and an appreciation of our small planet. His experience in a wide variety of projects includes the development of Urban Parks and Rural Reserves, Sports Park's, Urban Streetscape Design, Revegetation Restoration Planning and Implementation, Cycleway, Walkway and Open Space Planning, Wayfinding and Interpretative Signage Strategies, Playspaces and associated Design Guidelines. With considerable experience in leading projects from conception to completion and managing all aspects of contract documentation and construction, Leigh has a fundamental understanding of design process, interrelationships and the skill set required to ensure successful design outcomes in collaboration with others and the community.
